

Excalibur Reverse Osmosis and Drinking Water Systems

Choose Purified Water

Is your water truly clean?

Choose *Purified Water*

Nothing is more important to you and your families health then drinking purified water. The recommended water consumption for the average person should be a minimum or 1.5 to 2.5 litres of purified water per day (1.5 to 2.5 quarts) to replace fluids used. The water you drink helps flush your kidneys of toxic substances, assists in controlling your blood pressure. The more purified water you and your family drink helps maintain a healthy lifestyle.

If you don't drink the minimum required water on a daily basis dehydration can occur when your body has less water than it requires. When your water level is just one percent below normal, you will feel extremely thirsty, at five percent below normal you will have a mild fever. One of the best ways to stay hydrated is to drink purified water. Caffeinated beverages such as coffee, tea, and colas are diuretics that actually dehydrate the body meaning that they use more water to process than they provide, alcoholic beverages do the same. Drinking reverse osmosis purified water is the best way to stay hydrated.

Choose *Purified Water*

Drinking enough Reverse Osmosis Purified Water can improve your health and well being. This is important for so many organs in your body getting enough water is key to achieving optimal health. Water helps maintain blood volume which maintains your energy. Proper hydration improves your concentration and reaction time, especially during exercise. Water increases the number of calories during regular daily activities. Increased water consumption reduces the excess sodium that can cause fluid retention and Reverse Osmosis Purified Water helps protect against a variety of ailments such as:

- ◆ Colds
- ◆ Constipation
- ◆ Urinary Tract Infections
- ◆ Kidney Stones
- ◆ Bladder Cancer

Reverse Osmosis Purified Water can improve your appearance with increased consumption. The water will reach your skin last. The Purified Reverse Osmosis Water can hydrate your skin leaving it:

- ◆ Smoother
- ◆ Softer
- ◆ More Wrinkle Free

PREMIUM MODEL REVERSE OSMOSIS SYSTEM

Unique High Pressure System
for Premium Water Quality

System Benefits:

- ♦ 7 Stage Reverse Osmosis System
- ♦ 15 year warranty (consumables not included)
- ♦ 100 gallons per day capacity
- ♦ 5 micron pre filter that removes turbidity, iron, dirt and rust
- ♦ 5 micron pre filter carbon block that removes chlorine, THM's, taste and odours and protects the high purity reverse osmosis membrane
- ♦ Doulton NSF 42 ceramic pre filter certified to remove bacteria (ecoli and coliform) cryptosporidium, giardia and many more
- ♦ 24 Volt 110psi Booster Pump for best water quality

- ♦ High purity thin film composite Reverse Osmosis membrane that provides high purity drinking water
- ♦ 5 gallon high purity composite pressure tank
- ♦ Installation kit
- ♦ Enalka Alkalinity Ozone Sanitized cartridge filter that eliminates acidity
- ♦ Inline post polishing filtration for taste and odour removal
- ♦ Premium lead free designer drinking water faucet
- ♦ Excalibur Reverse Osmosis systems remove all contaminants in your drinking water such as chlorine, chloramines, thm's, lead, tce, pcb's, mercury, aluminum, barium, boron, nitrates, arsenic III, uranium, selenium, dioxin, pesticides, any other volatile and toxic chemicals
- ♦ All components NSF

SUPERIOR MODEL REVERSE OSMOSIS SYSTEM

Unique High Pressure System
for Premium Water Quality

System Benefits:

- ♦ 5 Stage Reverse Osmosis System
- ♦ 5 year warranty (consumables not included)
- ♦ 75 Gallons per day capacity
- ♦ 5 micron Polypropylene spun filtration for silt, dirt, rust, turbidity and iron removal
- ♦ 10 micron Carbon Block Filtration to eliminate chlorine, THM's and taste and odour
- ♦ 5 micron Carbon Block Filtration to remove volatile, industrial chemicals
- ♦ High purity thin film composite Reverse Osmosis membrane that removes volatile chemicals, sodiums, pesticides etc
- ♦ Premium lead-free designer drinking water faucet
- ♦ 5 gallon high purity composite pressure holding tank

- ♦ Installation kit
- ♦ Inline post polishing filtration for taste and odour removal
- ♦ Removes the following contaminants:
- ♦ Chlorine, thm's, pcb's, pesticides, all volatile chemicals, tce's, copper and lead and many others

OPTIONAL:

Ceramic replacement filter cartridge for bacterial contamination removal NSF42

- ♦ pH Alkalinity Neutralizer Filtration to raise pH to neutral and eliminate acidity

FEATURES:

- ♦ 75 gallon per day output
- ♦ TFC high purity membrane
- ♦ Large 5 gallon storage tank
- ♦ Leadfree designer drinking water faucet
- ♦ Can be connected to refrigerator for water and ice
- ♦ All components NSF

4-STAGE REVERSE OSMOSIS SYSTEM

- ♦ 4 stage encapsulated reverse osmosis system
- ♦ 75 gallons per day capacity
- ♦ 5 micron polypropylene spun filtration for silt, dirt, rust, turbidity, & iron removal
- ♦ 5 micron carbon block filtration to remove chlorine, odours, thm's, volatile & industrial chemicals
- ♦ High purity thin film composite reverse osmosis membrane that produces high purity drinking water
- ♦ Quick connect replacement filters/membranes w/built in shut off valves
- ♦ Premium brushed nickel lead free designer drinking water faucet
- ♦ 5 gallon high purity composite pressure tank
- ♦ Installation kit
- ♦ All components NSF certified
- ♦ 5 year warranty (consumables not included)

3-STAGE REVERSE OSMOSIS SYSTEM

- ♦ 3-Stage encapsulated reverse osmosis system
- ♦ 35 gallons per day capacity
- ♦ 5 micron carbon block filtration to remove chlorine, odours, thm's, volatile & industrial chemicals
- ♦ High purity thin film composite reverse osmosis membrane that produces high purity drinking water
- ♦ Quick connect replacement filters/membranes w/built in shut off valves
- ♦ Premium brushed nickel lead free designer drinking water faucet
- ♦ 2.8 gallon high purity metal tank with plastic lining
- ♦ Installation kit
- ♦ All components NSF certified
- ♦ 3 year warranty (consumables not included)

2-STAGE FILTRATION SYSTEM

- ♦ Certified for reduction of chlorine taste and odour
- ♦ Improves taste and reduces odours
- ♦ Increases clarity of your drinking water
- ♦ Helps to protect small appliances that use filtered water
- ♦ 2,500 gallon capacity
- ♦ Lasts up to 12 months dependent upon filter system, water quality and amount of water filtered
- ♦ 2 stages to optimize filter performance and life
- ♦ 3 year warranty (consumables not included)
